LUNCH

Dear Parents:

It is important for us to know exactly what arrangements you have made for your child during our nutrition break. **ALL students must stay at school during our 1st nutrition break.** During the second nutrition break, students may go home for lunch.

Please complete this form and return it to the school as soon as possible. It is understood that students must comply with these arrangements, as directed by their parents, unless the home room teacher has been notified of any changes in writing.

Naturally we prefer the students to enjoy their lunch at home if at all possible. A break from school often helps to make students more productive. Students whose parents work, may enjoy the privilege of eating at our school as long as behavior does not interfere. Should this become a problem, the privilege will be lost.
